

Welcome To Chrisal Green Solutions

In addition to Chrisal's line of HealthCare and Cleaning Products on our regular website, Chrisal is proud to present a special site for our new Green Products that are Green Seal™ Certified.

*The Green Seal Certification Mark indicates that the product meets the Green Seal™ Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on: VOCs and human & environmental toxicity. GreenSeal.org

CHRISAL PROBIOTIC GREEN ALL PURPOSE CLEANER

We are honored that Chrisal's Probiotic Green All Purpose Cleaner is the first of our StaBiotic™ Cleaners to be Green Seal certified. **Green also can mean power..!** You will find that Chrisal's Probiotic Green All Purpose Cleaner is extremely effective, versatile, and easy to use, and it replaces many of the other cleaners you previously had to use. It is the only general purpose cleaner you will ever need!

Chrisal's Probiotic Green All Purpose Cleaner actually cleans all the way down to the microscopic level, breaking apart the biofilm that shields dirt, harmful bacteria, viruses and other contaminants, and effectively reducing the source of odors.

Most important, Probiotic Green All-Purpose Cleaner stays active to keep protecting surfaces for up to 3 days after each application and creates a layer of beneficial StaBiotics™ that also reduce odors.

Chrisal's Probiotic Green All Purpose Cleaner is enriched with natural probiotic bacteria and is user-friendly, formulated to quickly penetrate, emulsify and remove dirt with no harsh chemicals and no unpleasant or dangerous fumes! It is tough on soil, yet is gentle on skin. It can be used for numerous applications and is safe for use on all wettable surfaces no matter how delicate including wood, glass, porous tile surfaces, granite, stone, stainless steel, porcelain, etc. It is perfect for cleaning and protecting counters, tables, sinks, walls, doors knobs, toys, car seats, windows and virtually any surface. It removes unpleasant odors at their source, and doesn't just mask them.

Chrisal's cleaner is also extremely economical and requires little space as it replaces most everything you normally have used in the past. It is strongly concentrated and is just diluted with cold tap water. A little goes a long way and is user-safe, non-toxic, non-volatile, non-flammable, biodegradable and safer to use around children or pets.

Chrisal Probiotic Green All Purpose Cleaner comes in 8 ounce and 1 gallon sizes and will be available starting in February, 2015. We are also planning to add other green certified products soon.

Get the peace of mind you deserve with Chrisal's StaBiotic™ long lasting protection.
