**Ref: letter of reference**

Dear Sirs,

I hereby declare that Artis is using the PIP Animal Housing products (AHC and AHS) from Chrisal for the cleaning of its animal housing.

The products have been thoroughly evaluated and were approved for the following benefits:

- Cleaning efficacy
- Odour control
- Environment friendliness

Artis particularly favours the use of probiotic cleaning products in order to reduce the use of detrimental chemicals such as chlorine.

Sincerely,

Haig Balian  
Artis director
