

## HOW TO USE CHRISAL'S AUTOBIOTICS - STABIOTIC™ PROBIOTIC AUTO & TRUCK DETAILER – INTERIOR & EXTERIOR CLEANING SOLUTION

### WELCOME TO THE WORLD OF CHRISAL – GREEN PROBIOTIC POWER..!

A true break-through in Automotive Detailing, AutoBiotics™ Green Probiotic All-In-One Cleaner is powerful enough for all commercial vehicle application, yet gentle enough for the finest leather seats of the World's most expensive luxury cars. Chrisal AutoBiotics™ is a perfect **“one product does it all”** solution for cleaning and protecting all auto & truck exteriors, wheels and all inside surfaces. Use for the finest leather, vinyl dashboards, car seats, A/C systems, and windows – virtually any surface. Tough on dirt and harmful contaminants, but NO GLOVES OR MASKS are needed!

Powerful AutoBiotics™ works all the way down to the actual microscopic level and eliminates the BioFilm that shields dirt, bacteria and other contaminants, deconstructing odors, mold, mildew and reduces the risk of infection. AutoBiotics™ **keeps on working and protecting surfaces for up to 3 days between applications** by applying a long-lasting layer of beneficial organic probiotics to create a safe, stable and odor free environment for your vehicle, you and your family. AutoBiotics™ does not cover up odors – it actually eliminates the cause. Chrisal AutoBiotics™ Probiotic Cleaner is highly concentrated, safe and economical to use.

### DIRECTIONS

- Shake Concentrate before using to insure proper mixing of probiotics.
- For Commercial Car Wash Use: Attach to our Portable or a Wall Automatic Dilution Unit. For hand mixing use 4 ounces of concentrate to 1 gallon of water.
- For Home Use: Mix 2 oz. of concentrate with a half-gallon of water in a bucket and wash by hand.
- Dry vehicle with a towel, squeegee or chamois, then use dry micro fiber towel for final wipe for a polished like finish.

### FOR DETAILING

- For Spray Bottles for Detail work: Mix 1 oz. of concentrate to 32 oz of water and shake.
- Spray on windows, wheels, chrome, leather, cloth, dashboards, carpets and headliners.
- Do not over apply product, spray lightly on all surfaces to be cleaned, then wipe with one cloth and finish with a dry micro-fiber cloth for that “Polished Look”.
- For Difficult Stain Removal: Apply additional product on stained surfaces - then use a scrub brush and a terrycloth towel to absorb stains.
- For Odor Control: Turn on vehicle A/C in recirculation mode, then use Chrisal's *StaBiotic™ Mist* (PEC) to fog or spray, making sure you reach all surfaces. Let stand about 10 minutes after application then wipe if needed, or let dry naturally.

Once diluted, discard mixed solution after 5 days by pouring in drains to clean and remove odors. Safe for septic tanks. Like all cleaners, Keep Out Of The Reach Of Children. Do not swallow. If eye contact occurs, rinse with water. Store at room temperature. Do not store in direct sunlight and do not freeze! Keep below 120°F.
